

# ROTARY TILLER

<http://tiny.cc/rotarytiller>

## FEATURES & BENEFITS

- Reliable, heavy duty
- Adjustable soil scraper blade
- Adjustable working depth

The heavy duty MultiOne rotary tiller is the ideal tool for preparing the soil for seeding or planting, even in tough conditions and hard soils. In one pass, the hydraulically powered tiller breaks up the soil, weeds and scrub growth are uprooted, and the soil is leveled.

The solid frame and the chain transmission ensure durability and reliability. The small dimensions combined with the agility of the MultiOne machines make it an ideal attachment for narrow spaces. **Note: suggested floating boom valve on machine.**

Model	Working Width	Working depth	Blades	Weight	Code
105	105 cm (41.3 in)	0 - 15 cm (0- 6 in)	20	140 kg (309 lbs)	<b>C890490</b>
